Academic Positions

Assistant Professor	University of East Anglia	11/2022-Present
Sir Henry Wellcome Research Fellow	University of Oxford, East Anglia & Princeton University	08/2018 – 10/2022
Postdoctoral Researcher <i>Advisor: Nathaniel Daw</i>	Princeton University	09/2016 – 06/2018

Education

Ph.D. Experimental Psychology <i>Advisor: Tali Sharot</i>	University College London	09/2012 – 06/2016
MSc Cognitive and Decision Sciences <i>Advisors: Benedetto De Martino & Steve Fleming</i>	University College London	09/2010 – 09/2011
BSc Economics and Philosophy	London School of Economics	09/2001 – 06/2004

Publications

Journal Articles

Garrett, N & Sharot, T (2023) [There is no belief update bias for neutral events: failure to replicate Burton et al. \(2022\)](#), *Journal of Cognitive Psychology*, 1-11

Dundon N, Colas JT, **Garrett N**, Babenko V, Rizor E, Yang D, MacNamara M, Petzold L & Grafton ST (2023) [Decision heuristics in contexts integrating action selection and execution](#), *Scientific Reports*, 13(1), 6486

Garrett N, Allan S & Daw ND (2023) [Model based control can give rise to devaluation insensitive choice](#), *Addiction Neuroscience*, 6:100070

Ossola P, **Garrett N**, Biso L, Bishara AJ & Marchesi C (2023) [Anhedonia and sensitivity to punishment in schizophrenia, depression and opiate use disorder](#), *Journal of Affective Disorders*, 330, 319-328

Glitz L, Juchems K, Summerfield C* & **Garrett N*** (2022) [Model sharing in the human medial temporal lobe](#), *Journal of Neuroscience*, 42(27): 5410-5426

Vellani V, **Garrett N**, Gaule A, Patil KR & Sharot T (2022) [Quantifying the heritability of belief formation](#), *Scientific Reports*, 12:11833

Sharot T & **Garrett N** (2022) [A Guideline and Cautionary Note: How to Use the Belief Update Task Correctly](#), *Methods in Psychology*, 100091

Khalighinejad N*, **Garrett N***, Priestley L*, Lockwood P & Rushworth MFS (2021) [A habenula-insular circuit encodes whether it is worth acting](#), *Nature Communications*, 12:6329

Garrett N & Daw ND (2020) [Biased belief updating and suboptimal choice in foraging decisions](#), *Nature Communications*, 11:3417

Ossola P, **Garrett N**, Sharot T & Marchesi C (2020) [Belief Updating in Bipolar Disorder Predicts Time of Recurrence](#), *eLife*. 9:e58891

Dundon NM, **Garrett N**, Babenko V, Cieslak M, Daw ND, Grafton ST (2020) [Sympathetic and parasympathetic involvement in time constrained sequential foraging](#), *Cognitive, Affective and Behavioural Neuroscience*, 20, 730-745

Garrett N, González-Garzón AM, Foulkes L, Levita L & Sharot T (2018) [Updating Beliefs Under Perceived Threat](#), *Journal of Neuroscience*, 38(6), 7901-7911

Garrett N & Sharot T (2017) [Optimistic update bias holds firm: Three tests of robustness following Shah et al.](#), *Consciousness & Cognition*, 50, 12-22

Garrett N, Lazzaro S, Ariely D & Sharot T (2016) [The Brain Adapts to Dishonesty](#), *Nature Neuroscience*, 19, 1727-1732

Sharot T & **Garrett N** (2016) [Forming Beliefs: Why Valence Matters](#), *Trends in Cognitive Sciences*, 20(1), 25-33

Moutsiana C, Charpentier C, **Garrett N**, Cohen MX & Sharot T (2015) [Human frontal-subcortical circuit and asymmetric belief updating](#), *Journal of Neuroscience*, 35(42): 14077-14085

Garrett N, Sharot T, Faulkner P, Korn CW, Roiser JP & Dolan RJ (2014) [Losing the rose-tinted glasses: neural substrates of unbiased belief updating in depression](#), *Frontiers in Human Neuroscience*, 8:639

Garrett N & Sharot T (2014) [How robust is the optimistic update bias for estimating self-risk and population base rates?](#) *PLOS One*, 9(6)

Charpentier C, Moutsiana C, **Garrett N** & Sharot T (2014) [The brain's temporal dynamics from a collective decision to individual action](#), *Journal of Neuroscience*, 34(17): 5816-5823

Moutsiana C, **Garrett N**, Clarke RC, Lotto RB, Blakemore SJ & Sharot T (2013) [Human development of the ability to learn from bad news](#), *Proceeding of the National Academy of Sciences*, 110(41): 16396–16401

De Martino B, Fleming S, **Garrett N** & Dolan RJ (2013) [Confidence in value-based choice](#), *Nature Neuroscience*, 16, 105–110

*denotes equal contribution

Essays in Popular Media

The Conversation: [Why being dishonest is a slippery slope](#)

Aeon Magazine: [Dishonesty gets easier the more you do it](#)

NBC op-ed: [Trump's lying seems to be getting worse. Psychology suggests there's a reason why](#)

The Dana Foundation: [How dishonesty can snowball](#)

Teaching Experience

University of Oxford: Psychology for Medicine - College Tutor	2020/2021
UCL: MSc in Cognitive Neuroscience - Contributing Lecturer	2020/2021
UCL: MSc in Cognitive Neuroscience - Contributing Lecturer	2018/2019
University of Oxford: BSc in Psychology, Memory, Attention and Information Processing - College Tutor	2018/2019
UCL: MSc in Developmental Neuroscience, Affective Neuroscience - Contributing Lecturer	2015/2016
UCL: MSc in Social Cognition, Understanding Individuals and Groups - Contributing Lecturer	2015/2016
UCL: MSc in Neuroscience, Cognitive Systems Neuroscience - Contributing Lecturer	2015/2016
UCL: MSc in Cognitive Neuroscience: Cognitive Neuroscience II: Elaborative and Adaptive Processes - Contributing Lecturer	2015/2016
UCL: MSc in Research Methods, Cognitive Psychology - Contributing Lecturer	2014/2015
UCL: MSc in Social Cognition: Understanding Individuals and Groups - Contributing Lecturer	2014/2015

Awards & Research Grants

Small Research Grant , British Academy/Leverhulme: £10K	2022-2023
John Fell Fund , Oxford University Press: £5K	2020-2021
Wellcome Centre for Integrative Neuroimaging (WIN) Seed Grant, University of Oxford (joint w/Nima Khalighinejad): £12K	2019-2022
Sir Henry Wellcome Postdoctoral Fellowship (lead PI, 209108/Z/17/Z): £250K	2018-2022
Kavli Summer Institute for Cognitive Neuroscience Fellowship	2015
Graduate Student Conference Fund, University College London: £0.5K	2014
Guarantors of Brain Award : £0.5K	2013
UCL Impact Award : £33K	2012

Research Collaborators

Daw Lab, Princeton University
 Shohamy Lab, Columbia University
 Grafton Lab, University of Santa Barbra
 Affective Brain Lab, Max Planck UCL Centre for Computational Psychiatry and Ageing Research
 Phelps Lab, Harvard University
 Department of Neuroscience, University of Parma
 Rushworth Lab, Oxford University
 Summerfield Lab, Oxford University
 Social Decision Neuroscience Lab, University of Birmingham
 Department of Psychology, Roehampton University

Students Supervised

Hamid Razi: University of East Anglia PhD Student
[Leonie Glitz](#): Oxford University PhD Student
 Joshua Cheung: Oxford University MSc Student
 Luke Priestly (co-supervised w/Nima Khalighinejad); Oxford University PhD Student
 Eoghan McCauley: Oxford University Undergraduate Student and Summer RA
 Ana Maria Gonzalez: UCL MSc Cognitive Neuroscience Student
 Sean Allan: Princeton University Research Assistant (Daw Lab)
[Tara Srirangarajan](#): UCL Lab Manager (Affective Brain Lab)
[Lennart Wittkuhn](#): UCL Internship Student
 Molly Wilner: UCL Affiliate Student
 Sarah Hadden: UCL Internship Student
 Raeesa Anjum: UCL Undergraduate Student
 Gabriella Montinola: UCL Affiliate Student
 Anja Hallan Wolff: UCL Internship Student

Keynote Lectures

10/2017 ***Using Information to Change Beliefs***
 EmTech MIT Technology Review

06/2016 ***How the Human Brain Forms Optimistic Beliefs***
 European Conference on Positive Psychology (ECP)

Invited Talks

10/2022 Psychological & Brain Sciences, Johns Hopkins University, Maryland, USA

10/2022 Pavlovian Society Meeting, Milwaukee, Wisconsin, USA
Symposium Session: Transitions from goals to habits: Identifying the what, when and how

10/2022 Neuroeconomics Seminar, University of Zurich, Switzerland

03/2022 Centre for Integrative Neuroscience and Neurodynamics, University of Reading, UK

01/2022 Centre for Behavioural and Experimental Social Science, University of East Anglia, UK

10/2021 Credition: An Interdisciplinary Challenge, Hannover-Herrenhausen, Germany

02/2021 Neuroscience and Humanities Lab, University of Parma, Italy

10/2020 Society for Neuroeconomics Conference
Symposium Session: Efficient coding and statistical regularities

04/2020 New York Medical College, Department of Psychiatry and Behavioural Sciences, USA

03/2019 WIN Mood Disorders Day, University of Oxford, Oxford, UK

- 03/2019 Psychology Seminar Series, University of Roehampton, London, UK
- 03/2019 Affective Brain Lab Seminar Series, UCL, London, UK
- 02/2019 Computational Psychiatry Seminar Series, Max Planck UCL, London, UK
- 10/2018 Italian Society of Biological Psychiatry, Turin, Italy
Symposium session: Mood Congruency and Bipolar Disorder
- 10/2018 University of Parma, Department of Neuroscience, Parma, Italy
- 10/2018 Kappes Lab, London City University, London, UK
- 10/2018 Spotlight Poster Presentation, Society for Neuroeconomics Conference, Philadelphia, USA
- 05/2018 Manhattan Area Memory Meeting (MAMM), Columbia University, USA
- 09/2017 Parallel Distributed Processing (PDP) Seminar Series, Princeton University, USA
- 08/2017 Law and the Whole Truth, University of Glasgow, UK
- 04/2017 Neuroscience and Social Decision Making Seminar Series, Princeton University, USA
- 05/2016 Daw Lab, Princeton Neuroscience Institute, Princeton University, USA
- 05/2016 Summerfield Lab, Department of Psychology, University of Oxford, Oxford, UK
- 01/2016 Marr Club, Department of Psychology, University of Cambridge, Cambridge, UK
- 09/2015 Society for Neuroeconomics Conference, Miami, USA
Symposium Session: Social preferences and strategic interactions
- 04/2015 Harvard Intergroup Neuroscience Lab, Harvard University, Boston, USA
- 03/2015 Affective Brain Lab Seminar Series, University College London, London, UK
- 03/2015 EEG Journal Club, Department of Psychology, Goldsmiths University, London, UK
- 09/2014 Saxe Lab, Massachusetts Institute of Technology, Boston, USA
- 09/2013 Society for Psychophysiological Research Conference, Florence, Italy
Symposium session: Neural mechanisms underlying positive and negative cognitive biases in emotion
- 10/2012 Society for Neuroscience Conference, New Orleans, USA
Nanosymposium session: Effects of Feedback, Reinforcement and Reward on Human Learning.

Poster Presentations

- 10/2022 Society for Neuroeconomics Conference, Washington, USA

02/2021	Computational and Systems Neuroscience (Cosyne)
01/2021	Society for Neuroscience, Global Connectome Conference
07/2019	Reinforcement Learning and Decision-Making Conference, Montreal, Canada
05/2019	Symposium on Biology of Decision Making (SBDM), Oxford, UK
10/2018	Society for Neuroeconomics Conference, Philadelphia, USA
04/2015	Social and Affective Neuroscience Society (SANS) Conference, Boston, USA
11/2014	Society for Neuroscience Conference, Washington DC, USA
09/2013	Society for Neuroeconomics Conference, Lausanne, Switzerland

Additional Academic Roles & Responsibilities

Organising Committees

09/2018-05/2019	SBDM Committee Member Biology of Decision-Making Conference, University of Oxford
-----------------	--

Ad Hoc Reviewer

Journals: Journal of Experimental Psychology; Psychological Science; Neuroimage; Journal of Neuroscience; Social Cognitive and Affective Neuroscience (SCAN); Emotion; Cerebral Cortex; Cognition; Cognition and Emotion; Cognitive, Affective & Behavioural Neuroscience (CABN); Consciousness and Cognition; Brain Structure and Function; Cognitive Science; Journal of Environmental Psychology; Cognition; iScience; Perspectives on Psychological Science; Proceedings of the National Academy of Sciences (PNAS); PLOS Computational Biology; eLife; Neuroscience & Biobehavioural Reviews; Nature Communications Biology; Nature Communications Psychology; Trends in Cognitive Science; Neuron; Current Biology;

Conferences: Cognitive Science Society (CogSci)

Grants: Royal Society

Public Engagement

05/2022	Pint of Science Festival, Norwich
12/2020 – 01/2021	Public Engagement Ambassador <i>Wellcome Centre for Integrative Neuroimaging</i> , University of Oxford
09/2019	Roundtable on Lying (panellist): The Helix Center, New York (watch here)
05/2019	Pint of Science Festival, London
01/2017	Imperfect Cognitions Blog (article on Optimistic Belief Updating)
06/2016	Michelle Mcquaid Podcast series (http://www.michellemcquaid.com)
03/2016	Imperfect Cognitions Blog (article on Depressive Realism)
07/2013	Wrong! Wellcome Collection, London (July 2013)

TV & Radio

Radio: BBC Radio 4 (Bringing Up Britain), BBC Radio 5 Live (Rod Sharpe), CBC Canada, KABC Radio, Newstalk1010, Radio New Zealand, Deutschland Radio, Swedish National Radio (SVT)
TV: Sky (Secrets of the Brain)

Written Press Coverage (selected⁺)

The Guardian: *From porkies to whoppers: over time lies may desensitize brain to dishonesty*
New York Times: *Why Big Liars Often Start Out as Small Ones*
TIME Magazine: *The Fascinating Reason Why Liars Keep On Lying*
New Scientist: *Lying feels bad at first but our brains soon adapt to deceiving*
Wired: *The more we lie, the easier it is for our brains to be increasingly more deceitful*
Associated Press: *Slippery slope: Study finds little lies lead to bigger ones*
Huffington Post: *How lying changes your brain in just a short period of time*
Discover Magazine: *From Fibs to Fraud: Why Lying Is a Slippery Slope*
Scientific American: *Liar, Liar: How the Brain Adapts to Telling Tall Tales*
New Scientist: *Lying feels bad at first but our brains soon adapt to deceiving*
The Telegraph: *Little white lies make it easier to go on and tell big whoppers*
The Independent: *Whenever you lie, your brain adjusts to make telling bigger whoppers study finds*
LA Times: *Neuroscientists show how tiny fibs snowball into big lies*
Washington Post: *Neuroscientists show how tiny fibs snowball into big lies*
CBS News: *How little lies lead to bigger lies*
Newsweek: *Why Telling Lies Trains Our Brains to be Dishonest*
Vice: *Lying Appears to Make It Easier to Tell More Lies*
CNN: *Lying may be your brain's fault, honestly*
Sky News: *Brain adapts to dishonesty*
Forbes: *Why Lying Becomes Easier Over Time: It's A 'Slippery Slope', Study Finds*
NPR: *How Small Fibs Lead To Big Lies*
